EDUCATION

Bachelor of Technology (B.Tech) in Computer Science and Engineering
I.K.G Punjab Technical University, Jalandhar

2023 – 2027
Expected CGPA: 8.0+

PROJECTS

Fake News Detection | Python, Scikit-learn, NLP

Built an NLP-based fake news classification system using TF-IDF, Logistic Regression, and Support Vector Machine (SVM). Performed text preprocessing, feature engineering, and model evaluation to improve prediction accuracy.

Recommendation System | Python, Pandas, Scikit-learn

Developed a recommendation engine using collaborative and content-based filtering techniques to generate personalized recommendations. Utilized Pandas and Scikit-learn for data processing, similarity computation, and model optimization.

Image Classification using Deep Learning | Python, TensorFlow

Developed a deep learning image classification model with image preprocessing, feature extraction, and hyperparameter tuning to improve prediction accuracy.

TECHNICAL SKILLS

Programming: Python, SQL, C++, JavaScript

Machine Learning: Supervised Learning, Unsupervised Learning, Regression, Classification, Clustering, Model Evaluation

Deep Learning: TensorFlow, Neural Networks, Computer Vision

Data Science: Pandas, NumPy, Matplotlib, Scikit-learn, Data Cleaning, Feature Engineering, Exploratory Data Analysis (EDA)

Natural Language Processing: TF-IDF, Text Preprocessing, Logistic Regression, Support Vector Machine (SVM)

Data Analytics: Microsoft Excel, Power BI, SQL

Developer Tools: Git, GitHub, Jupyter Notebook, Google Colab

INTERNSHIPS

AI & Machine Learning Intern | Edunet Foundation (AICTE) | Dec 2025 – Jan 2026

Completed a 6-week AICTE-certified internship focused on Artificial Intelligence and Machine Learning, developing ML solutions for real-world problem statements using Python under industry mentorship.

Emerging Technologies Intern | Microsoft Elevate (AICTE) | Feb 2026

Completed Microsoft Learn modules and hands-on training in Artificial Intelligence, Cloud Computing, and Industry 5.0 through AICTE's Microsoft Elevate program.

Data Science Intern | iStop | Jun 2025 – Jul 2025

Performed exploratory data analysis, data preprocessing, and machine learning model development using Python and Scikit-learn on real-world datasets.

Infosys Springboard (Ongoing) | Jul 2026 – Present

Currently participating in the Infosys Springboard Internship Program, working on industry-oriented software development assignments, technical learning modules, and project-based development while strengthening programming and problem-solving skills

CERTIFICATIONS

- Cisco Data Analytics Essentials — Cisco Networking Academy
- IBM Data Science
- Machine Learning, Data Science & AI Engineering with Python — Udemy
- Machine Learning & Deep Learning Projects in Python — Udemy
- Saylor University – Fundamentals of Machine Learning
- Google AI Agents Intensive Course
- Data Analysis Bootcamp — Udemy

INDUSTRY EXPERIENCE

- Deloitte Data Analytics Job Simulation
- Tata GenAI Powered Data Analytics Job Simulation
